

Ensworth School Snow Policy

For parents:

- School policy is that once we open school for the day, we will remain open until the close of the regular school day. If you determine that you need to pick up your child before the close of school or give permission for your high school student to leave early, you may use your discretion about that. Please notify the EHS office if you should determine that your student driver should leave before the end of the school day.
- If school is closed for the day, all school activities including athletics practices and games are cancelled. Buses will not run.
- If there is a late start, activities will continue as scheduled, and buses will run later schedules (i.e., two hours late if school is opening two hours late.)
- School closings or delayed openings will be communicated via the AlertNow telephone and e-mail system and the announcement will be posted on the school website as well as on local news media.
- When school is open during inclement weather, the school administration has determined that most people can travel to school. It is understood that some areas may remain unsafe for travel. Parents may use their discretion about traveling on the roads in their particular neighborhood. Student absences due to snow or ice on the road will be excused absences.
